Declaration

Institute of Biotechnology & Analysis, Republic of Korea (hereinafter referred to as MFDS).

This document is compiled based upon the sample and the information of the product provided by the applicant and/or the agent. All the information of the product in this document is declared by the customer, and MFDS is not responsible for its authenticity. The applicant shall undertake full legal responsibility for any consequences resulting from providing incorrect or misleading samples or information.

The information contained in this document has been reviewed by our laboratory, but it may not be adequate for all individuals and/or situations. It is the user's obligation to evaluate and use this product safely and in compliance with all applicable laws and regulations.

No statement made in this document shall be construed as a permission or recommendation for the use of any product in a manner that might infringe existing patents. No warranty is made, either express or implied.

This document is invalid without the official seal and authorized signatures of MFDS.

This document shall be considered invalid if altered, supplemented, or deleted in any form.

Without prior written approval from MFDS, this document shall not be reproduced except in full.

No party shall use this document for improper advertising, marketing, or misleading representation.

Any disagreements regarding the contents of this document should be reported to MFDS within fifteen (15) days upon receipt. After fifteen (15) days, the document shall be considered accepted by the applicant.

In case of any ambiguity arising from different language versions, the **Korean version** of this document shall prevail.

Safety Data Sheet

Exosome Lyophilized Powder / Stem Cell-Derived Exosomes

1. Product and Company Identification

Product Name	ExoGenesis
Synonyms	Extracellular Vesicles, MSC-Exosomes
Product Code	GTIN:00881234567890
Intended Use	For research / cosmetic ingredient / injectable formulation (specify)
Company Name	식품의약품안전처
Address	충청북도 청주시 흥덕구 오송읍 오송생명로 187 (우 28159)
Telephone	+82-43-719-1564
Emergency Phone	1577-1255
Email Contact	wtokfda@korea.kr

2. Hazard Identification

GHS Classification	Not classified as hazardous under GHS (if sterile biological material).
Signal Word	None
Hazard Statements	Not applicable (non-toxic biological material)
Precautionary Statements	Avoid contact with open wounds.
	Use sterile techniques
	Store under recommended conditions.
Label Elements	No hazard pictogram required.

3. Composition / Information on Ingredients

Component	CAS No.	Concentration (%)	Description
Exosome (Umbilical Cord–derived MSC)	N/A	1–5%	Nano-sized extracellular vesicles
Buffered saline / PBS	7732-18-5	90–99%	Dilution medium
Stabilizers / Preservatives	—	<1%	(if applicable)

4. First-Aid Measures

Eye Contact	Rinse with sterile saline; seek medical attention if irritation persists.
Skin Contact	Wash area with soap and water.
Inhalation	Not applicable (liquid form).
Ingestion	Not intended for ingestion; seek medical attention if accidentally swallow

5. Fire-Fighting Measures

Suitable Extinguishing Media	Water spray, CO ₂ , dry chemical.
Special Hazards	None known.
Protective Equipment	Standard firefighting gear; avoid inhalation of decomposition fumes.

6. Accidental Release Measures

Personal Precautions	Use gloves and protective clothing.
Environmental Precautions	Avoid discharge into drains.
Clean-Up Method	Absorb with disposable towel; disinfect area with 70% ethanol.

식품의약품안전처

7. Handling and Storage

Handling	Not applicable (non-toxic biological material)
Storage	Recommended: -05°C to -15°C
	Transport: Maintain cold chain ($2-8^{\circ}\text{C}$ short term)
	Keep container tightly closed.

8. Exposure Controls / Personal Protection

Engineering Controls	Work in biosafety cabinet (if open handling).
Personal Protective Equipment:	Gloves (nitrile or latex)
	Lab coat
	Eye protection (safety glasses)

9. Physical and Chemical Properties

Property	Description
Appearance	Clear to slightly opalescent solution
Odor	Odorless
pH	6.5–7.5
Solubility	Fully miscible in water
Boiling Point	N/A
Flash Point	N/A
Stability	Stable under recommended storage

10. Stability and Reactivity

Stability	Stable under recommended conditions.
Incompatible Materials	Strong acids, bases, oxidizing agents
Decomposition Products	None known.

식품의약품안전처

11. Toxicological Information

Acute Toxicity	No known toxic effects.
Skin Irritation	None reported.
Sensitization	None known.
Mutagenicity / Carcinogenicity	Not applicable (non-genetically modified).
Additional Info	Derived from human cell culture; screened for infectious agents.

12. Ecological Information

Ecotoxicity	Not classified as hazardous.
Persistence/Degradability	Biodegradable.
Bioaccumulation	Not expected.
Other Adverse Effects	None.

13. Disposal Considerations

Waste Disposal	Dispose as bio-waste (Category II).
Waste Disposal	Dispose of according to local regulations.

14. Transport Information

Parameter	Description
UN Number	Not applicable
UN Proper Shipping Name	Non-hazardous biological material
Transport Hazard Class	None
Packing Group	None
Marine Pollutant	No
Special Precautions	Keep frozen; avoid shock or sunlight exposure

식품의약품안전처

15. Regulatory Information

K-REACH / GHS Compliance	Complies with Korean Ministry of Environment Guidelines.
Other Regulations	Non-classified under OSHA or EU CLP.
GMP Compliance	Confidential

16. Other Information

Prepared By	Regulatory Affairs Department, 식품의약품안전처
Preparation Date	May 27,2025
Revision Date	May 29,2025
Version	[v1.0 / v2.0]

Disclaimer: This MSDS is based on information available at the time of preparation and is believed to be accurate. It does not constitute a warranty.
